When the woman saw that the tree was good for food, and that it was a delight to the eyes, and that the tree was desirable to make one wise, she took from its fruit and ate; and she gave also to her husband with her, and he ate. Discussion Questions

1. What did Adam and Eve's sin have to do with how they experienced God's presence? In what state are we born and how do we reconnect with our Supernatural God?

2. Being born again repairs our ability to be God conscious. We actually receive His Spirit in us, living and in motion. How has being born again opened up your senses to Him? If you have never been born again, you can ask Him for this today. If you are born again, you should now be in a process of knowing Him in ever greater degrees and trusting Him for His leadership in your life. Write about what this has looked like in your life and where you would like to be in this process Rabbi has described in time to come.

3. What is the inner witness Rabbi described? How do abide in this? What keeps us from being more aware of what is happening inside us through the Spirit? How do we disconnect from the outside world and connect with the Spirit in us?
