

# Your Lasting Legacy

---

**Core Message:** Unless Yeshua returns, death will be our universal experience.

How can we learn not to fear it but instead create a lasting legacy? In this teaching, Rabbi Schneider provides a Biblical foundation for knowing that death for the believer is not something to fear, but a peaceful transition to eternal life with God. He calls Christians to shift their mindset from clinging to this world to anticipating heaven and making their lives count by impacting others. Our legacy is formed not only through our relationships and spiritual influence but also by how we steward our finances, even after our passing. He urges believers to intentionally plan their legacy in a way that honors God and furthers His kingdom.
